RULING ON ENTITLEMENT¹

Dorsey, Chief Special Master:

On November 4, 2015, Jo-Ann Dodd (“petitioner”) filed a petition for compensation under the National Vaccine Injury Compensation Program, 42 U.S.C. §300aa-10, *et seq.*,² (the “Vaccine Act” or “Program”). Petitioner alleges that she suffered a shoulder injury caused from the influenza vaccine she received on November 5, 2013. Petition at 1, ¶ 22. Petitioner further alleges that she received her vaccine in the United States, that she has suffered the residual effects of her injury for more than six months, and that neither she nor any other party has filed a civil suit or receive a settlement for her vaccine related injuries. *Id.* at ¶¶ 2, 23-25. The case was assigned to the Special Processing Unit of the Office of Special Masters.

¹ Because this unpublished ruling contains a reasoned explanation for the action in this case, the undersigned intends to post it on the United States Court of Federal Claims' website, in accordance with the E-Government Act of 2002, Pub. L. No. 107-347, § 205, 116 Stat. 2899, 2913 (codified as amended at 44 U.S.C. § 3501 note (2012)). In accordance with Vaccine Rule 18(b), petitioner has 14 days to identify and move to redact medical or other information, the disclosure of which would constitute an unwarranted invasion of privacy. If, upon review, the undersigned agrees that the identified material fits within this definition, the undersigned will redact such material from public access.

² National Childhood Vaccine Injury Act of 1986, Pub. L. No. 99-660, 100 Stat. 3755. Hereinafter, for ease of citation, all “§” references to the Vaccine Act will be to the pertinent subparagraph of 42 U.S.C. § 300aa (2012).

On May 19, 2016, respondent filed her Rule 4(c) report in which she concedes that petitioner is entitled to compensation in this case. Respondent's Rule 4(c) Report at 1. Specifically, respondent "has concluded that petitioner's alleged injury is consistent with a shoulder injury related to vaccine administration (SIRVA), and that it was caused-in-fact by the flu vaccine she received on November 5, 2013." *Id.* at 3. Respondent further indicates that "based on the record as it now stands, petitioner has satisfied all legal prerequisites for compensation under the Act." *Id.*

In view of respondent's concession and the evidence before me, I find that petitioner is entitled to compensation.

IT IS SO ORDERED.
